Subject: PROPOSAL FOR IRAN AND MODIFICATION

Reference: ADP Proposal letter dated 24 May 1965

Enclosure: (a) Schedule I, Conversion of #383 to J-75C
(b) Schedule II, Conversion of #381 to J-75G

25X1A In reference letter we submitted our proposal to IRAN and modify Article No. 383, including two (2) sets of additional parts, at a target and ceiling price of [REDACTED] respectively. Since that proposal was submitted we have completed negotiation of the 1965 rates with you.

Accordingly, Schedule I revises the reference proposal to show the effect of the negotiated rates. However, based on later experience data, we would like to offer a further reduction in target price to [REDACTED] with a corresponding contract ceiling price. 25X1A

25X1A Enclosure (b) outlines our proposal for conversion of Article No. 381, based on the same negotiated rates, at a target and ceiling price of [REDACTED] respectively. Following is a summary of the proposed contract prices and available funds:

	<u>Target Price</u>	<u>Ceiling Price</u>
Contract (Thru Amend. #2)	[REDACTED]	[REDACTED]
Reductions on Work (Thru Amend. #2)		
Revised Totals		
Article #383		
Article #381		
Total Proposed		
Available Contract Funds		
Additional Funds Required

Subject: Proposal for IRAN and Modification

If this proposal is acceptable, please issue a contract amendment to authorize the work on Articles #383 and 381 as contract Items 7 and 8 at the above proposed amounts, and to provide the additional funds required.

Very truly yours,
